## Notifications relating to Non-Statutory Rules, Regulations, Orders and Resolutions issued by the Ministry of Defence

## MINISTRY OF DEFENCE

No. 1, dated 26th Dec. 1962.—The Union Public Service Commission will hold an examination at such places and on such dates as may be specified in the Notice issued by the Commission in this behalf for Direct Permanent Regular Commissions in the Army Medical Corps.

Serving Short Service Regular Commissioned Officers in the Army Medical Corps are also eligible to appear at the examination provided they fulfil all the conditions and are eligible in all respects to take the examination.

2. The approximate number of permanent vacancies to be filled on the results of this examination will be specified in the Notice issued by the Commission.

3. The examination will be conducted by the Union Public Service Commission in the manner prescribed in Appendix I to the rules.

The dates on which and the places at which the examination shall be held shall be fixed by the Commission.

4. Candidates will be considered for appointment to the vacancies in the order of their merit according to the list prepared by the Commission in the manner prescribed in Part B of Appendix I.

Success in the examination confers no right to appointment, unless Government are satisfied, after such enquiry as may be considered necessary, that the candidate is suitable in all respects for appointment to the service.

5. (a) A candidate for this examination must not have attained the age of 30 years on the last day of the year in which the examination is held.

This age limit is relaxable upto a maximum of one year if a candidate possesses a post-graduate diploma like DPH, DOMS, DA etc. and upto a maximum of two years if a candidate possesses MD, MS or equivalent qualifications.

(b) A candidate with previous commissioned service i.e. one who is no longer a Serving Short Service Regular Commissioned Officer in the Army Medical Corps will, however, be entitled to extension of the above age limits as given below:—

(i) Full period of previous reckonable service if such service was rendered while in possession of a medical qualification recognised by the Indian Medical Council (*vide* para, 6 below).

(ii) Full period of previous reckonable service less two years if such service was rendered while in possession of a licentiate medical qualification.

Save as provided above, the age limits prescribed can in no case be relaxed.

6. A candidate must possess a medical qualification included in the First Schedule or the Second Schedule or Part II of the Third Schedule, other than those holding licentiate medical qualifications, to the Indian Medical Council Act, 1956 and be registered on any State Medical Register.

NOTE:—Candidates who are not in a position to submit along with the applications documentary evidence in support of the above mentioned qualifications may also apply. Their applications will be accepted provisionally, and they will be required to furnish the relevant documents as soon as possible, and in any case not later than two months after the commencement of this examination.

7. A candidate must be either:—

(i) a citizen of India; or

(ii) a subject of Sikkim; or

(iii) a subject of Nepal or of the State of Pondicherry; or

(iv) a person of Indian origin who has migrated from Pakistan with the intention of permanently settling in India.

NOTE 1.—The appointment of candidates in categories (iii) and (iv) above will be subject to the issue of certificates of eligibility in their favour by the Government of India. The certificate of eligibility in respect of candidates belonging to category (iv) will be valid only for a period of one year from the date of his appointment beyond which he would be retained in service only if he has become a citizen of India. Certificates of eligibility will not, however, be necessary in the case of candidates belonging to any one of the following categories:—

(i) Persons who migrated to India from Pakistan before the 19th July 1948 and have ordinarily been residing in India since then.

(ii) Persons who migrated to India from Pakistan after the 18th July 1948 and have got themselves registered as citizens under Article 6 of the Constitution.

(iii) Non-citizens in categories (iii) and (iv) above who entered service under the Government of India before the commencement of the Constitution, *viz.*, 26th January 1950 and who have continued in such service since then, any such person who re-entered or may re-enter such service with a break after the 26th January 1950, will however, require certificate of eligibility in the usual way.

NOTE 2.—A candidate in whose case a certificate of eligibility is necessary may be admitted to the examination and he may also be provisionally appointed subject to the necessary certificate being eventually issued in his favour by Government.

8. (a) No male candidate who has more than one wife living or who having a spouse living, marries in any case in which such marriage is void by reason of its taking place during the life time of such spouse, shall be eligible for appointment on the results of this competitive examination unless the Government of India after being satisfied that there are special grounds for doing so exempt any male candidate from the operation of this rule.

(b) No female candidate whose marriage is void by reason of the husband having a wife living at the time of such marriage or who has married a person who has a wife living at the time of such marriage shall be eligible for appointment on the results of this competitive examination unless the Government of India after being satisfied that there are special grounds for doing so, exempt any female candidate from the operation of this rule.

9. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient discharge of his duties as an officer of the Service. The physical standards for Commissions in the Army Medical Corps are as laid down in Appendix II. A candidate, who after such medical examination, as may be prescribed by the

competent authority, is found not to satisfy these requirements, will not be appointed. Only such candidates as are likely to be considered for appointment will be medically examined.

10. The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

11. No candidate will be admitted to the examination unless he holds a certificate of admission from the Commission.

12. A candidate found guilty of impersonation, or of submitting fabricated documents, or documents which have been tampered with, or of making statements which are incorrect or false, or suppressing material information, or of using or attempting to use unfair means in the examination hall or otherwise resorting to any other irregular or improper means for obtaining admission to the examination may, in addition to rendering himself liable to a criminal prosecution be debarred, either permanently or for a specified period:—

(a) by the Commission from admission to any examination or appearance at any interview held by the Commission for selection of candidates; and

(b) by the Central Government from employment under the Government.

13. No recommendations except those required in the application form will be taken into consideration. Any attempt on the part of a candidate to obtain support for his candidature by any means may disqualify him for admission.

14. Candidates must pay the fee prescribed in Appendix III. No claim for a refund of this fee will be entertained except to the extent, stated in that appendix, nor can it be held in reserve for any other examination or selection.

15. Brief particulars of service are given in Appendix IV.

16. Civilian Candidates not selected for the grant of Direct Permanent Regular Commission may be considered for Short Service Regular Commission, if they so desire.

K. C. JAIN, Dy. Secy.  
26-12-62.

The papers will also include questions on Indian History and Geography of a nature which candidates may be able to answer without special study.

##### PART B

Candidates who are declared qualified in the written examination by the Union Public Service Commission in their discretion will appear before the Army Medical Corps Selection Board for practical and oral Professional tests and interview.

The maximum marks for these tests are 500. To qualify for the grant of Commission, candidates must secure the minimum qualifying marks separately at the written examination as fixed by the Commission in their discretion and at the tests and interview by the Army Medical Corps Selection Board, as may be fixed by the Commission in their discretion.

The qualified candidates will then be placed in the order of merit on the basis of total marks secured by them in the written examination and at the tests and interview by the Army Medical Corps Selection Board. Selection for grant of Commission will be made in order of merit depending on the number of vacancies available subject to the candidates being found medically fit and declared suitable in all other respects.

NOTE.—The form and manner of communication of the result of the examination to individual candidates shall be decided by the Commission in their discretion.

2. All question papers must be answered in English.

4. The Commission have discretion to fix qualifying marks in any or all subjects at the examination.

5. From the marks assigned to candidates in each subject such deduction will be made as the Commission may consider necessary in order to ensure that no credit is allowed for merely superficial knowledge.

6. Deduction upto 5 per cent. of the maximum marks for the written subjects will be made for illegible handwriting.

7. Credit will be given for good English including orderly, effective and exact expression combined with due economy of words in all subjects of the examination.

#### APPENDIX II

##### PHYSICAL STANDARDS FOR COMMISSION IN THE ARMY MEDICAL CORPS

1. To be passed fit, a candidate must be in good physical and mental health and free from any disability likely to interfere with the efficient performance of duty.

2. It will, however, be ensured that

- there is no evidence of weak constitution, imperfect development, serious malformation or obesity;
- there is no maldevelopment or impairment of function of the bones or joints;
- there is no impediment of speech;
- there is no malformation of the head, deformity from fracture or depression of the bones of the skull;
- there is no impaired hearing, discharge from or disease of either ear, unhealed perforation of the tympanic membranes or signs of acute or chronic suppurative otitis media or evidence of radical or modified radical mastoid operation;
- there is no disease of the bones or cartilage of the nose or nasal polypus or disease of the nasopharynx;
- there are no enlarged glands in the neck and other parts of the body and that the Thyroid gland is normal.

N.B.—Scars of operations for the removal of tuberculous glands are not a cause for rejection provided that there has been no active disease within the preceding 5 years and the chest is clinically and radiologically clear.

- there is no disease of the throat, palate, tonsils or gums, or disease or injury affecting the normal function of either mandibular joint.

N.B.—Simple hypertrophy of the tonsils, if there is no history of attacks of tonsillitis, is not a cause for rejection.

- there is no sign of functional or organic disease of the heart and blood vessels;
- there is no evidence of pulmonary tuberculosis or previous history of this disease or any other chronic disease of the lungs;
- there is no evidence of any disease of the digestive system including any abnormality of the liver and spleen;
- there is no hernia or tendency thereto.
- there is no hydrocele, or definite varicocele or any other disease or defect of the genital organs.

N.B.—A candidate who has been operated for a hydrocele will be accepted if there are no abnormalities of the cord and testicle and there is no evidence of filariasis.

- (n) there is no fistula and/or fissure of the anus or evidence of haemorrhoids;
- (o) there is no disease of the kidneys. Cases showing albuminuria or glycosuria may be dealt as under:—
- (i) *Albuminuria*.—Cases showing albuminuria should be investigated further by the medical specialist. Albuminuria may occur after change of posture (Orthostatic albuminuria), after exercise or exposure to cold, due to fear of examination, or following sore throat. These conditions are benign and are not a cause for rejection. In such cases albuminuria is intermittent, there are no casts of RBC in the urine and there is no history of nephritis.
- (ii) *Glycosuria*.—As a rule all cases of glycosuria should be rejected. Individuals who pass sugar in the urine throughout the day must be rejected. Cases of pseudo renal glycosuria containing sugar in the urine only after meals should be investigated further by the medical specialist. Symptomless glycosuria in a young man is hardly ever due to diabetes mellitus. It should, however, be remembered that such cases are regarded as potential diabetics by some authorities.
- (p) there is no disease of the skin, unless, temporary or trivial. Scars which by their extent or position cause/ or are likely to cause disability or marked disfigurement are a cause for rejection.
- (q) there is no active latent or congenital venereal disease;
- (r) there is no history or evidence of mental diseases. Candidates suffering from epilepsy, incontinence of urine, or enuresis will not be accepted;
- (s) there is no squint or morbid condition of the eye or of the lids which is liable to a risk of aggravation or recurrence;
- (t) there is no active trachoma or its complications.

N.B.—Remedial operations are to be performed prior to entry. No guarantee is given of ultimate acceptance and it should be clearly understood by the candidates that the decision whether an operation is desirable or necessary is one to be made by his private medical adviser. The Government will accept no liability regarding the result of operation or any expense incurred.

### 3. Standards for Height, Weight and Chest measurements—

(a) *Height*.—(i) the height of a candidate will be measured by making him stand against the standard with his feet together. The weight should be thrown on the heels and not on the toes or outer side of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and quarter parts thereof. The minimum height for a candidate is 62" except in the case of Gorkhas, Nepalese, Assamese and Garhwal candidates for whom the minimum height is 60". Candidates who are otherwise fit in all respects but fall short of minimum height by half an inch or less, will be treated as special cases and relaxation allowed to the extent of half an inch.

(b) *Weight*.—(i) Weight will be taken with candidates fully stripped or with underpants only. In recording weight fractions of a pound will not be noted. A table showing correlation between height, age and average weight is given below for guidance.

Age Period	20—24	25—29	30—34
Height inches	lbs.	lbs.	lbs. weight
62 . . . .	109	113	116
63 . . . .	112	116	119
64 . . . .	116	119	122
65 . . . .	118	123	126
66 . . . .	122	125	128
67 . . . .	125	129	132
68 . . . .	129	133	137
69 . . . .	133	137	141
70 . . . .	137	141	146
71 . . . .	141	146	151
72 . . . .	146	152	157

(ii) It is not possible to lay down precise standards for weight in relation to height and age. The correlation table is, therefore, only a guide and cannot be applied universally. A 10 per cent departure from the average weight given in the table is to be considered as within normal limits. There may nevertheless be some individuals who according to the above standard may be over-weight but from the general build of the body are fit in every respect. The over-weight in such cases may be due to heavy bones and muscular development and not to obesity. Similarly for those who are under-weight, the criteria should be the general build of the body and proportionate development rather than rigid adherence to the standards in the above table.

(c) *Chest*.—The chest should be well developed with a minimum range of expansion of 2 inches. The candidate's chest will be measured by making him stand erect with his feet together and his arms raised over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side. Care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum and minimum expansions of the chest will be carefully noted. The minimum and maximum will then be recorded in inches thus 33/35, 34/36, etc.

In recording the measurements, fractions of less than half an inch should not be noted.

4. *Dental conditions*.—It should be ensured that sufficient number of sound natural teeth are present for efficient mastication.

- (a) In order to assess the dental condition of an individual; teeth in apposition with corresponding teeth in the other jaw will be allotted points as follows:—
- (i) Central incisor, lateral incisor, canine 1st and 2nd premolar and under developed third molar  
1 point each.
- (ii) 1st and 2nd molar and fully developed third molar  
2 points each.

When all 32 teeth are present there will be a total count of 22 points.

- (b) A candidate must have a minimum of 14 dental points to be acceptable.
- (c) The following teeth in good functional apposition must be present in each jaw:
- (i) Any 4 of 6 anteriors.
- (ii) Any 6 of 10 posteriors.
- (d) Candidate suffering from severe pyorrhoea will be rejected. When the state of Pyorrhoea is such that in the opinion of the Dental Officer it can be cured without extraction of teeth, the candidate may be accepted. Candidates may be accepted if they have well fitting artificial dentures in lieu of sound teeth.

5. *Visual standards*.—The minimum acceptable standards of visual acuity are given below—

Better eye	Worse eye
Distant Vision V Without— glasses not below 6/60 and after correction with glasses not below 6/6	V Without glasses not below 6/60 and after correction with glasses not below 6/24.

Near Vision—Reads 0 8 or J4. Reads 1 or J6.

There should be no evidence of choroidal degeneration or any other pathological condition of the fundus.

Note.—A relaxation of standards for distant vision without glasses may be made and an individual with unaided vision of less than 6/60 each eye accepted provided corrected vision is not less than 6/6 in one eye and 6/18 in the worse eye.

In all cases, where glasses are worn and where a candidate is examined by an Ophthalmologist, power of lenses must be noted.

*Field of vision*.—Normal in each eye as tested by confrontation test.

*Colour vision*.—Colour vision less than 'Defective' safe, (Ishihara plates) will be a cause for rejection. Substandard colour perception will be recorded as 'Below Defective Safe' and 'Defective unsafe'.

\*In all cases, where glasses are worn and where a candidate is examined by an Ophthalmologist, power of lenses must be noted.

6. *Hearing Standard*.—Should with the back to the examiner be able to hear a forced whisper at a distance of 20 feet with each ear separately.

7. The above physical standards will also apply to female candidates except for the following:—

- (a) The height and weight need not conform to the existing height and weight table for men. Minimum height and weight should be 4' 8" and 80 lbs, respectively.
- (b) The girth and the general development of the chest also need not conform to what is laid down in the existing physical standards for men. The candidate should, however, be capable of a chest expansion of 2".

### APPENDIX III

#### FEEs

Candidates seeking admission to the examination must pay the following fees:—

- (i) Rs. 1/- when asking for application form and connected documents.

This amount should be paid to the Commission by money order. Local candidates, however, may pay cash at the counter. The Commission will not accept payment made otherwise.

- (ii) Rs. 49/- (Rs. 11.50 in the case of candidates belonging to Scheduled Castes and Scheduled Tribes) with the completed application form.

This amount should be paid by means of Treasury Receipt or CROSSED Indian Postal Orders payable to Secretary, Union Public Service Commission. The Commission will not accept payment made otherwise.

2. Once an application has been considered by the Commission and the decision communicated to the candidate, no claim from the candidate for a refund of the fee paid by him to the Commission will be entertained, nor can this be held in reserve for any other examination or selection. If, however, a candidate is not admitted to the examination by the Commission a refund of Rs. 42.50 (Rs. 10.62 in the case of Candidates belonging to Scheduled Castes and Scheduled Tribes) will be made to him.

3. The Commission may at their discretion remit the prescribed fee where they are satisfied that the applicant is a *bona fide* displaced person from Pakistan and is not in a position to pay the prescribed fee. The fee of Rs. 1.00, however, must be paid even by a displaced person when asking the Commission for a form and this amount will be refundable to him if on receipt of his application his claim to be a displaced person is accepted by the Commission and his fee is remitted.

### APPENDIX IV

Brief particulars of the service are given below:—

(Detailed information may, if desired, be obtained from the Director General, Armed Forces Medical Service, Ministry of Defence, New Delhi.)

#### 1. Appointment.
